

SAT(R) Program  
Test Day Reminders  
March 8, 2007

Dear Counselor,

As the March SAT approaches, here are some tips that will help your students to do their best on test day. Also, you may find it helpful to download a student handout with similar information.

If you have students who are testing on Sunday, we suggest that you also share this important reminder with them:

***Important Reminder:*** Daylight Savings starts in most U.S. locations at 2 a.m. Sunday morning, March 11. If this applies in your area, set your clock ahead an hour before you go to bed Saturday night. We hope these tips will be helpful to your students on test day!

Sincerely,

The College Board
